

2-BitTM Software

Make The Most Of Your Sinclair

16K Quality
in 2K Memory

Runs on TS1000/TS1500
with or without memory module,
or on ZX81 with memory module.

2-Bit Software has just what you've been looking for. If you're new to computers, you want software that's fun, easy to use, and helpful—programs that make *you* the master of the machine.

If you already have some experience with the Timex/Sinclair, you're looking for programs that really make use of the capability of the machine, without requiring any extra peripherals or frustrating hours at the keyboard. We've got them! Our programs load quickly and accurately—and they're guaranteed.

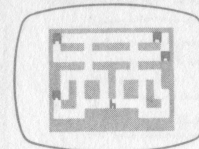

Best of all, you don't need to be a computer whiz kid to run our programs. At 2-Bit Software, computer programs aren't top secret. No fancy tricks that only an expert could understand. Just the best you can get in 2K.

Watch for more software from 2-Bit. Home utilities. Humor. Easy programming aids. They're on the way!

GO TO THE TOP

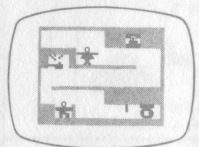

The perfect gift for the executive who has everything — including a Timex/Sinclair computer! This package of four 2K games will turn the corporate pyramid on its point.

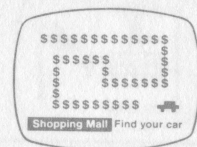

Just let your favorite boss (female or male) try to manage this system. Keystroke ManagementTM is better than a Harvard MBA! Great for Father's Day or any day.

WORKING MOTHERS

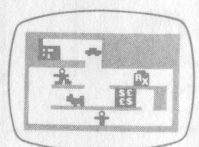

MAD DASH

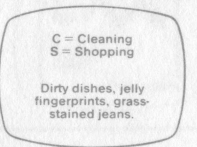

SHOPPING MALL

CARFOOL

HARRIED HOUSEWIFE

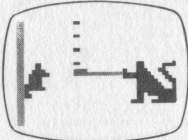

At last! Computer games designed especially for the woman with double trouble. This package of four 2K games will turn Ms. Pacman green with envy.*

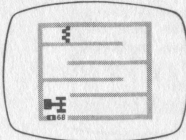

A fun way for a woman to learn about computers and stay ahead of her kids — or her husband. Perfect for Mother's Day or every day.

1,2,3 GO AGES 4-8

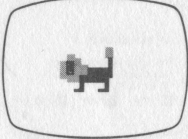

CATS & DRAGONS

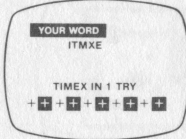

TRACE COURSE

ALPHABEASTS

SCRAMBLED EGGS

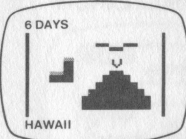

For the very youngest of computer users! Educational games that exercise skills in counting ("Cats & Dragons"), knowing left from right ("Trace Course"), and spelling ("Scrambled Eggs" and "Alphabeasts"). But they'll just think they're having fun.

MAKING TREKS

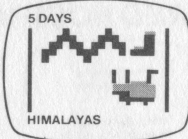

BON VOYAGE

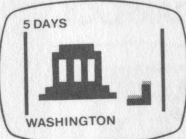

BLUE PACIFIC

HIGH WORLD

WELCOME HOME

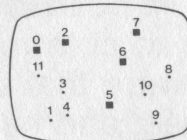

Buy a program and see the world! These unusual variations on adventure games take you from the calm Pacific to the frosty Himalayas. You may find yourself riding a camel, floating in a hot air balloon, or steaming along in a slow boat to China. The object: to return home before your vacation is over and to have a good time.

MIND BOGGLERS

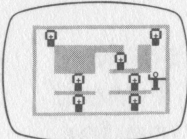

SINCLAIR TOWERS

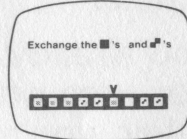

DOTS & SPOTS

SEVEN BRIDGES

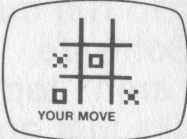

EYE-Q

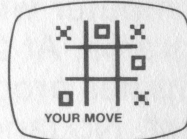

Four brain-testing, brain-twisting trials and triumphs. How good are you at left-brain (analytical) and right-brain (spatial) mental gymnastics? Can you figure out "Sinclair Towers"? "Eye-Q"? "Dots & Spots"? "Seven Bridges"?

MIND vs. MACHINE

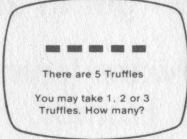

TIC TAC TOE 1

TIC TAC TOE 2

TRUFFLES

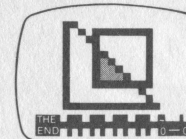

SUPERSPY

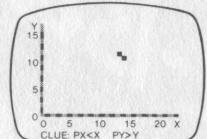

"Tic Tac Toe I and II," are basic and advanced variations of this classic game of strategy, while "Chocolate Truffles" makes you plan ahead to "take-away" the last luscious truffle. "Superspy" gives you a chance to decode secret messages smuggled out from behind the "silicon" curtain.

TRUTH TABLES

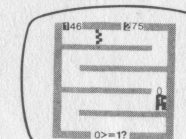

UNION STATION

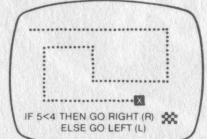

TREASURE HUNT

RATIONAL RUN

TRUTH/CONSEQ.

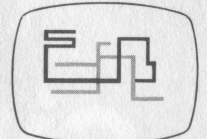

The first in a series about the principles of computer programming. But no lectures or lessons. Have some fun as you find out what "and", "either", "or", "if", and "then" mean to a computer. Some things may not be so logically impossible as you think!

GAMES SAMPLER

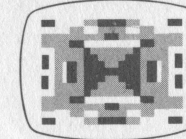

KAMIKAZE FLY

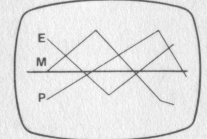

SKETCHPAD

NAVAJO RUGS

BIORHYTHMS

Contains "Kamikaze Fly," a dexterity game in which Freda the Frog tries to eat dinner; "Sketchpad," an easy to use screen drawing program; "Navajo Rugs," which generates kaleidoscopic patterns randomly; and "Biorhythm," which plots your mental, physical, and emotional states on any given day.
